

MITCHELL MCKENNA

SOFTWARE ENGINEER

CAREER GOALS

I love to create! Whether it be in C, Java, Python, or in English, writing is my passion. I look to put my creative mind to use on a company that can utilize it to its fullest potential. I want to help to create something that positively influences the lives of millions of people across the globe.

MAIN SKILLS & INTERESTS

- ✓ Programming using Java, Python, and C
- ✓ Using Big Data tools such as MapReduce, Hive, SparkQL, PostgreSQL, and Impala
- ✓ Using Python libraries Pandas and Numpy
- ✓ Using Github and Jira to work in groups
- ✓ Creating games with GameMaker Studio 2
- ✓ Creatively writing as a means of expression

CAREER HISTORY

Cisco Systems | San Jose, California

Software Engineer | Summer 2020

- Worked on a team to develop a replicable blueprint for implementing incremental improvements across all of Cisco to promote continuous growth
- Worked on a team to develop an API to process Excel sheets with millions of rows and produce detailed and helpful analytics for leadership to gain helpful insights at a glance
- Worked to help redesign the appearance of a dashboard on the Cisco website to make it more intuitive by grouping the related features

Stonecrest Financial | San Jose, California

Data Management | Summers 2014, 2018

- Worked using Excel and a real estate API to create systems for looking up, recording, and organizing sensitive information pertaining to millions of people
- Worked using proper privacy procedures to ensure that private information did not get to the public
- Actively advocated to start new projects when others were completed ahead of schedule

Whole Foods Market | Los Altos, California

Bakery Employee / Server / Barista | Oct '16 - July '17

- Worked independently to fulfill orders and satisfy customers, up to 200 in one day
- Followed procedures to ensure that all codes were followed to pass inspections
- Happily assisted my team members in neighboring departments at their stations when needed
- Gained expertise to efficiently organize my time to reach maximum productivity

Christian Music Theater | Palo Alto, California

Camp Counselor / Stage Manager | Summer Staff '13 - '18

- Managed two separate groups of 150 children each summer to teach them an entire play in 1-2 weeks
- Taught dance choreography and stage blocking to help production
- Managed microphone audio and cues for performance
- Created props, costumes, and backdrops
